

Press Release: Six Firms Partner to Provide Unparalleled Access to the Best Talent on the Planet

WalkWater Talent Advisors joins the **Access Search Partners (ASP)** global partnership to address the growing executive search market in India. WalkWater Talent Advisors is a retained executive search firm focusing on technology and market sectors. WalkWater Talent Advisors is headquartered in Bangalore with a presence in Mumbai, Gurgaon and Pune.

Our partner firms: **Stonewood Group** in Canada, **SPMB** in San Francisco, **Gillamor Stephens** in Europe, **Ethos Beath Chapman** in Asia Pacific and ourselves, **Polachi** in Boston, have developed a new framework that delivers all of the global capabilities of large, publicly traded search firms, but without the "hands off" limitations and internal conflicts that plague those companies, elongate search cycle times and frustrate corporate clients.

Charley Polachi also added, "There is a big hole in the market between the small boutique search firms and the large multi-national search firms. We've filled that gap with the ASP partnership, and have been able to effectively serve our clients' global search requirements. We are pleased to welcome WalkWater Talent Advisors to our partnership."
